**The Carmack Killing and the Temperance Issue.**

THE killing of ex-Senator CARMACK at Nashville throws the spot-light on behind the scenes' conditions of the latter-day local option campaigns and shows that the professional politicians are hoodwinking the real friends of temperance and are dominating the fight for so-called local option.

Here we have a lot of hot-headed Southern gentlemen—Colonels, who love their toddy and mint julep better than a kitten loves cream, and will have them, and do have them—who have absolutely arrogated to themselves the leadership in the movement for universal Prohibition. To us, the proposition of such men controlling any temperance movement, as Br'er ALLEN would remark, and is fond of remarking, is "amoosin'."

There are tens of thousands of conscientious temperance men and women in the world today who are being led about by the nose by such men as CARMACK and Colonel COOPER, not to mention JEDSON HARMON of Ohio and MARSHALL of Indiana. In the Tennessee campaign for temperance the denouement came quickly in the shape of one of the bloodiest tragedies of modern times, the principals all being alleged "temperance men," with the Governor of Tennessee the actual head and leader of the Cooper faction.

Governor PATTERSON stood for county local

option, while Senator CARMACK was in favor of State-wide Prohibition. It seems that the COOPERS, father and son, were so strongly in favor of local option and the intense desire to have PATTERSON defeat CARMACK that they backed up their "temperance" by going a-gunning for the common enemy.

If this is temperance, God save the mark! How can temperance and religion be divorced from politics?

How can temperance people in Kentucky ally themselves with the Louisville whisky interests and the Fehr Beer Trust in their endeavor to carry local option in Kentucky?

If there is anything in the world that will strangle the life out of a great moral issue it is politics. In five years from now what will ensue if right now the liquor interests step in and elect their own Governors in Ohio, Indiana, Tennessee, and, through "politics," butt in and run a great moral issue into the ground?

On the other hand, we have many Christian men and women who openly and boldly declare that great moral crusades are only won by wading through seas of human blood.

If Christ taught the shedding of blood as expedient to the salvation of mankind, then the bars are down for man to fly at the throat of man, as every one may interpret the Scriptures to suit his own peculiar style and complexion of the manner by which souls may be saved and battles waged.

Oh, that we all could be imbued with the real spirit of reason and divine tolerance and could say to one another: "You have rights as well as I, and we will both respect each other's rights; but respect for the law must dominate our individual rights and preferences."

"Now a big Chicago firm complains that its girls will not stay single." Well, will they stay married?—Louisville Courier-Journal.

## Double Stamps at Bee Hive Saturday.

In noting the robbery at the C. and O. depot last Friday, THE LEDGER was mistaken as to minor details. The goods stolen were taken out of a car on a side track instead of the freight house as stated, and the amount of whisky was three cases, thirty-six bottles, instead of forty-four as printed; the coffee sack was ripped open and contents spilled on the floor, amount however made good to Mr. Donovan. With these corrections, the article was otherwise all right.

## THE FLEMING FRACAS

### The Outcome of a General Mixup Where Fire, Fighting and Stabbing Figure In Rural Drama

The fracas at Sherburne, Fleming county, last Tuesday morning, which resulted in the stabbing of Thomas G. Daugherty and the arrest of Harry L. Morgan and bringing him to the Maysville Jail for safe-keeping, is a village mix-up that would require several columns of THE PUBLIC LEDGER to accurately detail the many sides of a rural drama, where, as usual, love and hate, gossip and jealousy, and all the motives which combine to precipitate a whole lot of trouble make a story too long and too salty to print.

During the past few months there have been burned, presumably by incendiaries, three barns, one store and stock of goods, one dwelling and one office building, all near Sherburne.

Thomas G. Daugherty openly accused Harry L. Morgan of setting fire to his barn. Morgan denied the charge and plainly informed Daugherty that if he (Morgan) had any trouble with him he would use lead and not fire.

Tuesday's occurrences, as given in Wednesday's LEDGER, stated that the bloodhounds pointed to Morgan as the incendiary, and while Morgan, Daugherty and others were in Dr. Morgan's office at Sherburne, discussing the trouble, Daugherty, it is said, started the fight by attacking Dr. Morgan. It is said that then Harry L. Morgan stabbed Daugherty several times. At first it was thought he was fatally injured, but we understand he is recovering.

Morgan informed a LEDGER reporter that the dispatches sent out saying that he stabbed Daugherty in attempting to get away from a mob are untrue; that there was no thought of his attempting to escape and that he gave himself up voluntarily. Morgan is about 28 years of age and owing to an injury to his limbs, he is compelled to use crutches. He declares the trouble at Sherburne is purely the result of certain family affairs there and village gossip and that he will be acquitted at his examining trial at Flemingsburg next Wednesday. He has a wife and one child. He and Daugherty have had trouble once before.

## PROF. BRADNER'S WORK.

It was my religious pleasure to attend the mid-week prayer-meeting of the Christian Church (in that upper room) Wednesday evening last, and to say it was enjoyable would not be an adequate term, for the thoughts presented on the topic of the evening, "The Right Use of the Lord's Day," were thrilling and sublime, reaching and closely touching the hearts of everyone in that large gathering, giving all inspirations to strive for a better, nobler and more beautiful life. Such thoughts, blending with the animated songs and the fervent prayers offered, made one grand oricle of religious sentiment that will not be forgotten. Immediately after the close of the prayer service Prof. Bradner takes charge of his interesting Training Class, now numbering over one hundred, and we are quite sure that the good being accomplished in this department is beyond measure. Thus for his untiring

work, imparting so much Bible knowledge and appreciated so deeply by the class, we fully realize that they owe the good Brother a lasting debt of gratitude.

## IS IT POSSIBLE? IN A PROHIBITION TERRITORY AT THAT!

Yesterday, while cruising the Ohio river in quest of wild ducks, Mr. Claud Watkins avers that at a point between this city and Manchester he came upon an array of 500 of the wall-known water fowl; that the river from shore to shore was absolutely covered with the web-footed feathered tribe.

As Claud succeeded in securing only one of the number it must have been that when they arose in flight from the water the ducks were so numerous and of such a large and compact body as to cause a mantle of darkness to hover over him, shutting out the light of day, so to speak, and in consequence causing a sort of paralysis to the optic nerve; hence, his aim was somewhat irregular, a little off, as it were, which readily accounts for the escape of the 499 ducks and the poor showing of Claud as a marksman.

## FOR SICK CHILDREN

Mrs. Rose Hawthorne Lathrop, Who Has Done So Much Good Among Sick Children of New York, Recommends Vinol.

"In my work among the destitute sick I give Vinol in many cases where it would be impossible to give cod liver oil in any other form, on account of the extreme weakness of the patient's stomach. I have known Vinol to restore appetite and infuse new life in many cases of sick women and children when everything else failed. Little children seem to delight in taking Vinol."

The reason Vinol is so far superior to old-fashioned cod liver oil and emulsions is because it contains all the medicinal, body-building elements of cod liver oil actually taken from fresh cod's livers, with the disagreeable oil eliminated and tonic iron added.

As a body-builder and strength creator for old people, weak women, delicate children, after sickness and for all pulmonary troubles, Vinol is recommended by over 5,000 of the leading druggists of the United States. Your money will be returned on demand if Vinol fails to benefit.

Dr. and Mrs. A. G. Browning have the sympathy of their friends, owing to the sad news heard from their son, Thomas Throop Browning, who is critically ill at Los Angeles, Cal. The worst may be expected, and he is too ill to be returned to his Maysville home.

President Roosevelt has agreed to accept the message to be transmitted in another relay race by Young Men's Christian Association boys, to be run this time from New York to Washington. In the thirty-hour run 1,500 boys will participate. The start will be made from New York City Friday afternoon, November 20th.

The American Society of Equity, the present body out of which has grown the Burley Tobacco Society and other Kentucky organizations, and pools, is torn by factional dissensions, so much so that a new organization has been formed, known as the Farmers' Society of Equity, with headquarters at Indianapolis, and headed by J. A. Everett, President of the original body.

Up everything around the house with any of our paint left over from the job, for our paint is as hard to get off as it is easy to put on. That is a virtue you will appreciate when you find how seldom you have to renew the coat you put on now. It stays brighter longer than any other paint we know.

## Too Risky

Ask your doctor if he does not think it would be wise for you to keep a bottle of Ayer's Cherry Pectoral in the house.

"A hard chill, pan, through the chest, difficult breathing." If this should be your experience, send for your doctor. It may be pneumonia! To doctor yourself would be too risky. If your doctor cannot come at once, give Ayer's Cherry Pectoral. When he comes, tell him exactly what you have done. J. C. Ayer & Co., Lowell, Mass.

**GREIGHBAUM'S CLOTHES RETAIN THEIR SHAPE!**

Any suit may look well when it is first put on, but it takes a custom tailored, substantially built one to retain its shape and give lasting service. Every inch of material—woolens and trimmings—that goes into my clothes is thoroughly shrunk. That's why tails or wear cannot possibly change or spoil their shape. Yet I don't stop here, but tailor my clothes as carefully inside as outside. The important unseen parts are attended to with the same skill and identity that is evidenced in the outward appearance of the garments. Still, my prices are one-third to one-half less than those of other tailors. A Suit or Overcoat tailored to your measure at \$18 to \$48. No other clothes so good that cost so little.

**GREIGHBAUM, TAILOR, 102 W. SECOND ST.**

## You Know This Store.

If you "know clothing" you'd select our suits no matter where you found them for sale at anywhere near the price. If you don't "know clothing"—particularly—but do know this store and do know when a garment has "the right look to it," then you will buy anyhow and win just the same. So come to a store you can trust in every particular, as to fit, quality and to price.

### Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedial. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.  
We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.  
**F. J. CHENEY & CO., Toledo, O.**  
Sold by Druggists, 75c.

Mr. James Egnew, the all-purpose clerk at Means' Shoe Store, is down with a severe attack of the grip at his home in East Third street.

Misses Nelle Williams and Emma Luman will leave tomorrow for Frankfort, where on Sunday they will conduct a Christian Endeavor service at the Frankfort Prison, the State work of the Society being under the direction of Miss Williams.

### JONATHAN MYALL.

Mr. Jonathan Myall, 85 years old, died yesterday morning, after a six weeks' illness, at the home of his son-in-law, Mr. O. M. Johnson, at Millersburg.

He was born in London, England, December 12th, 1822, and came to this country when about 18 years old, with two brothers and one sister, locating at Mayslick.

A few years later he was married to Miss Peck of that place. After this they moved to Hutchison Station, Bourbon county, where about forty years of their lives were spent. About twenty years ago he moved to Paris, where he remained until after the death of his wife, which occurred about three years ago.

Since that time Mr. Myall had resided with his daughter, Mrs. O. M. Johnson of Millersburg.

He is survived by one son, Mr. E. H. Myall of Paris; two daughters, Mrs. Ollie Johnson of Millersburg, and Mrs. O. M. Johnson; one brother, Mr. Jonas Myall, and one sister, Miss Anna Myall, both of Mayslick.

The funeral will take place this afternoon at 1 o'clock, the burial following in the family lot in the Paris Cemetery.

### MRS. CHARLES H. KEEP.

The remains of Mrs. Charles H. Keep, who died in Garden City, Kansas, will be shipped to this city today and will probably arrive here tomorrow.

She will be buried beside her husband, Captain Charles H. Keep, in the Maysville Cemetery.

The deceased was the mother of Mrs. Elma Pangborn, and is pleasantly remembered here by a wide circle of friends as a lovely Christian character.

Notice of funeral will be announced in tomorrow's paper.

### FRANK HARDIN.

Mr. Frank Hardin died yesterday at 12 o'clock at his home above Aberdeen of heart disease, aged 74 years.

He is survived by a widow.  
He was a soldier of the Civil War, and his burial will be under the auspices of the G. A. R.

Funeral Sunday afternoon at 2 o'clock. Interment in Charter Oak Cemetery.

### A Municipal Brewery.

The Vienna municipal brewery, in which a sum of \$400,000 has been invested, last year showed a loss of \$18,000. In the previous sixteen months a loss of \$19,000 was incurred, so that the actual deficit for 1907 was proportionately greater, although the output and sales of beer had increased. In 1907 some 2,750,000 gallons of beer were brewed. Not only was too much money paid for the building and equipment in the first place, but the management has been very stupidly conducted. Instead of appointing as manager an expert brewer the council put a municipal official in charge. As a result money was lost in all sorts of ways.—London Standard.

## Our Colored Citizens.

### WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily; when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Frederick Dressel, 1238 East Second street, Maysville, Ky., says:

"I consider Doan's Kidney Pills a most excellent kidney remedy, and I am only too glad of an opportunity to speak in their behalf. About five years ago I was bothered by kidney trouble. The kidney secretions were attended with much pain during passage and were very irregular in action. Severe pains across the small of my back were of frequent occurrence and at times greatly interfered with my work. A friend advised me to use Doan's Kidney Pills, as he had taken them for a similar trouble with the best of results, and I procured a box at J. J. Wood & Son's Drugstore. I used them strictly according to directions and they afforded me prompt and effective relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## NO MAN

DELIBERATELY BUYS POOR CLOTHES.

He thinks their good, worth the money, or he doesn't want them. Just the same, lots of men are paying their good money for cheap cotton mixed goods and they think they are being real economical because they get such clothes for a little less than all wool would cost. This cotton-mixed stuff is very deceiving, even expert clothing men find it difficult at times to tell whether or not a fabric has cotton in it. As for the inexperienced wearer, we've seen fabrics that looked good enough to sell for \$20 for the suit that was at least 60 per cent. cotton and really worth about \$6 the suit. You get no such "flim-flam" when you trade with us. Thirty years selling good clothes enables us to separate the "sheep from the goats." When we say all wool we live up to it.
